

Dear YMCA Families,

First and foremost, we thank you for being patient during this incredible time. Throughout the school year and potentially prior to the school year beginning, there may be several changes that occur. We ask that you please be patient as we continue to navigate and meet the requirements of many state agencies.

The Lebanon Valley Family YMCA is committed to providing a safe and friendly experience when dropping off your child(ren). There will be a different approach to this year's SACC program.

- We will perform temperature checks upon arrival for all children and staff entering our program; any person exceeding a temperature of 100.2°F will not be allowed to participate in our program that day. Children and staff that should exhibit signs/symptoms of COVID-19 including a fever, cough or shortness of breath will be sent home immediately.
- Prior to bringing your child(ren) through the main door, a temperature check will be conducted in the AM. The same process will also be followed for children arriving to SACC after school. A child leaving school will not be admitted entrance until a temperature has been taken and logged. Should a child have a temperature 100.2°F or above, they will not be allowed to enter the classroom and a parent/guardian will be called to come pick up their child immediately.
- At the entrance of the building, you will see a designated staff member taking infrared temperatures before moving forward to answer COVID-19 routine questions. At this point, the child will be asked to use hand sanitizer before entering the facility to wash their hands up to their elbows. Once inside the building, children will be escorted to their classroom. We are encouraging parents to not enter into the facility to reduce the risk of exposure.
- Please remember to bring a picture ID and a pen, as you'll be required to sign your child in and out of the program and we want to limit the sharing of materials.

Throughout the day, the processes will also vary slightly from previously:

- Children may experience smaller classroom sizes; textured toys, play dough and such will be removed from the classroom. Sanitation of toys will happen after every group rotation.
- Upon arrival and regularly throughout the day, children will be required to wash their hands (such as before/after all meals and/or snacks, any time they move from space to space and when using the bathroom).
- We will encourage social distancing and limit group size and group activities accordingly. Please make sure your child wears closed toed shoes and socks.
- If the school goes into hybrid model and we are permitted to remain onsite for children who would need care all day, please make sure your child's lunch and its entire contents of the bag are disposable.
- We will clean the rooms throughout the day and also disinfect and sanitize each night.

Please read and review the information below. Information provided in the Covid-19 Addendum supersedes the information currently provided in the parent handbook and any paperwork that you may have submitted. In order to provide care for your child(ren), you will need to initial and sign all line items required.

You agree to the following:

- _____ Child(ren) must have and wear a mask, upon arrival and throughout the duration of their time while attending the SACC program. Face shields are not acceptable in YMCA care.
- _____ Parent/Guardian dropping off/picking up will be required to wear a face covering properly. Face shields are not acceptable in YMCA care.
- _____ Any child exhibiting symptoms of a fever, excessive coughing, labored breathing, pink eye or other health condition that could be deemed contagious will not be allowed back to the center for at least 48 hours and may be required to provide a doctors note. Otherwise, a doctor's note must state the child is free and clear of any illness. Such child will be moved to an isolation area.
- _____ A child with signs/symptoms as mentioned above must be picked up within 45 minutes of notification. Failure to respond may result in dismissal of the program.
- _____ No toys may be brought from home.
 - Kindergarten Only: one nap time item only, it must remain onsite for the week and should be laundered prior to arrival.
- _____ If bringing lunch, all contents in the bag are disposable.
- _____ Participants signed up for both AM and PM care, understand that an elevated temperature greater than 100.2°F in the AM, will be an automatic refusal to participate in afternoon programming.
- _____ If visiting a state that is on the list for recommended quarantining upon return to PA, the YMCA requires that the child(ren) not attend for the initial two weeks
- _____ Understand that this document is fluid and new procedures may be applied in accordance with the latest recommendations and requirements set forth by Federal and State levels.

The YMCA will adhere to all Pennsylvania OCDEL, DHS, DoE, DoH and DHS requirements and implement CDC guidelines to the best of our ability. You recognize that changes may be a constant as outlined by the CDC and DHS. By initialing the above with your signature below, you acknowledge that you have reviewed and agreed to the YMCA COVID-19 Addendum, which is effective August 11, 2020. You understand that this policy supersedes any other policies that were previously agreed to.
